Aaron Dreyer

Motivated college graduate looking for opportunities in Software Engineering and Development!

Atlanta, Georgia, United States

Summary

I'm an aspiring Full Stack Software Developer who's currently becoming certified through the Georgia Tech Coding Bootcamp. Here I am learning how to complete front end and back end applications along with the libraries and technologies that support them. The main language I am focusing on is Javascript.

Experience

Georgia Institute of Technology

Student

December 2022 - Present (6 months)

Atlanta Metropolitan Area

North Carolina State University

Student

August 2017 - Present (5 years 10 months)

Raleigh-Durham, North Carolina Area

Xtreme Coating Technologies

Polymer and Color Chemist

July 2021 - March 2023 (1 year 9 months)

Austell, Georgia, United States

Quality Control and Testing of pigments, topcoats, and primers for textile industry use.

Cygnus Technologies, LLC

Manufacturing Associate

November 2016 - August 2017 (10 months)

Southport, NC

At Cygnus Technologies, I was required to examine and fill standard files with cultured therapeutic cells, assemble protein templates for my supervisor, and organize the conjugate deep freezers for the delivery crew.
